What's that Animal?

CAN YOU TELL WHAT THESE ANIMALS ARE?

As the Croods leave the safety of their cave, they discover a new world filled with fantastical mashed-up creatures. In The Croods' world, Mother Nature hasn't quite made up her mind what animals should look like yet. As you can see, these animals look like no animal we have ever seen before. However, they do look like two animals we have seen before. Can you work out what the two animals are for each character. Write them in the grid when you have worked it out.
